DOCKET NO. 2020-2-E

Annual Review of Base Rates for Fuel Costs for Dominion Energy South Carolina, Inc. (For Potential Increase or Decrease in Fuel Adjustment Clause/Costs and Rates)

S.C. Code Ann. Section 58-27-865 (Supp. 2019) established a procedure for annual hearings to allow the Commission and all interested parties to review the fuel purchasing practices and policies of Dominion Energy South Carolina, Inc. and for the Commission to determine if any adjustment in the fuel cost recovery mechanism is necessary and reasonable. Section 58-27-865(B) states, in part, "Upon conducting public hearings in accordance with the law, the Commission shall direct each company to place in effect in its base rate an amount designed to recover, during the succeeding twelve months, the fuel costs determined by the Commission to be appropriate for that period, adjusted for the over-recovery or under-recovery from the preceding twelve-month period." Coincident with this proceeding and pursuant to S.C. Code Ann. § 58-39-140, the Commission will also determine whether an increase or decrease should be granted in the fuel cost component designed to recover the incremental or avoided costs incurred by the Company to implement the distributed energy resource program previously approved by the Commission.

If the Application or Petition in this case contains a request for adjustment of rates, the rates are subject to potential modification by the Commission during the course of this case.
